About Me

I am a self-taught front-end web developer with over one year of experience in the field. I love learning new skills in my career, and I am so interested in cooperating with professional teams.

Projects

• Beyond-the-wall

It is a website for bookstore. Bootstrap5 is mostly used in the website.

• Beyond-the-wall-Persian

It is the same as the top website. The only difference is that this website is in Persian. Bootstrap5 is mostly used in the website.
